

2023

ATTENDEE & EXHIBITOR PROSPECTUS

An ARCTOS Hosted Event

OUR MISSION

The Air Vehicles Technology Symposium (AVTech) Symposium is a biennial forum where the air vehicle technical community gathers to present and discuss the latest air vehicle technology advancements and challenges. The Symposium brings together engineers, scientists, leaders, and operational personnel from throughout the air vehicle community, including the Army, Navy, Air Force, NASA, DARPA, FAA, OSD, air vehicle integrators, component and material suppliers, and academia. The focus of the 2023 Symposium will be on the challenges and ways to overcome the challenges associated with the design, integration, manufacture, test, sustainment, and transition of air vehicle technologies.

The audience is limited to US Citizens only via DD2345.
